OMAR HELAL

FRONTEND DEVELOPER (REACT / NEXT.JS)

Latakia, Syria | +963 936 482 744 | omarhlal00@gmail.com

Portfolio | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Frontend Developer with 2+ years of professional experience, plus earlier personal projects, building responsive, intuitive interfaces with React.js, Next.js, JavaScript, and TypeScript. Skilled in translating Figma designs into reusable components, integrating REST APIs, resolving complex UI issues, and collaborating with agile backend and mobile teams to deliver scalable web platforms and role-based dashboards.

PROFESSIONAL EXPERIENCE

Frontend Developer | BlueTech – UAE (Remote) **Jun 2024 – Present**

- Build and maintain responsive React.js and Next.js interfaces for large-scale web applications and dashboards, translating Figma designs into reusable, production-ready components.
- Integrate frontend features with REST APIs in collaboration with agile product, backend, and mobile teams to support timely releases.
- Reduced legacy bugs by 50% through structured refactoring and code reviews.
- Diagnose and resolve complex frontend issues to improve application stability, performance, and user experience.

SELECTED PROJECTS

Six-Guides Platform | Web App & Dashboards | **Live**

- Built the Next.js frontend for a booking platform for luxury services in the UAE, including safaris, yachts, cars, and tours.
- Implemented role-based dashboards for users, service providers, and administrators, with responsive layouts across desktop and mobile browsers.

My role: Frontend (Next.js) · **Team stack:** Laravel API, Flutter mobile app, Git

XO E-Commerce | Web Store & Dashboards | **Live**

- Built the Next.js storefront and dashboards for a multi-role e-commerce system for the Syrian and UAE markets, supporting customer, seller, and administrator roles.
- Delivered a responsive, fashion-focused shopping experience aligned with the platform's companion mobile app.

My role: Frontend (Next.js) · **Team stack:** Laravel API, Flutter mobile app, Git

YingAn Platform | Web Dashboard | **Design Preview**

- Built the React.js dashboard for an AI-powered English-learning platform for the Chinese market, with file management and tabbed multi-document translation.
- Supported PowerPoint export to streamline AI-assisted learning workflows.

My role: Frontend (React.js) · **Team stack:** Laravel API, Flutter mobile app, Git

TECHNICAL SKILLS

Core Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Sass

UI and State: Tailwind CSS, Material UI, Bootstrap 5, Redux Toolkit, Responsive Design

Integration and Tools: REST APIs, Git, GitHub, Figma, Agile / Scrum

Also familiar with: jQuery, Laravel, Flutter, Java, C++, OOP, UML

EDUCATION

Bachelor of Informatics Engineering | Software and Information Systems **2019 – 2025**

Latakia University (formerly Tishreen University) | Latakia, Syria

GPA: 75.82% (Very Good) | Degree Certificate

LANGUAGES

Arabic: Native | English: C1
